### 2. Acceptance of the conditions of participation

By signing the presenter's contract, the presenter acknowledges these conditions.

### 3. Conditions of participation

Companies whose services and/or sales programmes correspond to the nomenclature of MONEY are invited as presenters.

### 4. Open Forum

Presenters and co-presenters are invited to showcase their companies, products and services at the Open Forum. The presentation duration depends on the number of registrations. The modalities will be announced by the contracting party in good time.

### 5. Services according to package

This contract provides presenters and co-presenters with various additional services. These are: Use of the general infrastructure, access to the Business Lounge, catering according to the booked package type, advertising space within the overall campaign as well as use of the lead generation system "myStand Leads™" for the Summit premiere. Additional services may be added or omitted due to current events without increasing or reducing the respective package price.

### 6. Presenter Booth

With this contract the presenter acquires a presenter booth or stand space. The space allocation is carried out by the contracting party. Placement requests will be considered as far as possible. The contracting party reserves the right to adjust the number of square meters as well as open side walls to the given space conditions. The contracting party must be notified in writing of any objections to the placement made within 10 days of dispatch of the hall plan. In urgent and justified cases, the contracting party reserves the right to allocate the presenter a different space that is reasonable in size and location. The additional placement of a booth which is not marked on the hall plan must be accepted. If the presenter subsequently requests a reduction, he shall be fully liable for the booth allocated to him if the remaining space cannot be rented to another party.

### 7. Withdrawal from the presenter contract / Covid-19

The presenter may withdraw from the presenter contract up to 30 September 2021 without incurring any costs. If the withdrawal takes place after 30 September 2021, the full package price is due. The contracting party may freely dispose of spaces and booths which are not occupied at 08.00 a.m. on the day of the opening, and the presenter's claim to his space or booth is thus forfeited. However, he shall be liable for the full rent of space/booth, the ancillary costs and services ordered, as well as for all costs incurred due to the non-occupancy of the stand space or booth. If we must cancel Money because of Government regulations, you will be reimbursed for 90% of the amount.

### 8. Terms of payment

Upon signing the presenter contract, 50 % of the ordered stand space, the rented booth and the flat fee for co-presenters become due for payment but, not before 30 September 2021; the remaining 50 % are due for payment until 31 January 2022. The payment period after receipt of the invoice is generally set at 10 days. Presenters who do not meet their payment obligations on time will be refused occupancy of the stand space/presenter booth, without this relieving them of their obligations for the selected package and the additional services ordered. After expiry of the payment period, a default interest of 5 percent may be charged. The contracting party may dispose of space/booths for which the rent has not been paid by the set date without the liability for the rent and any consequential costs becoming invalid. Terms of payment and due dates for additional services ordered by presenters and co-presenters can be found in the electronic Money file or the corresponding order forms.

### 9. Stand construction

The minimum stand space is 9 sqm. The presenter booths are all erected by the same stand builder to ensure the best possible coordination.
